

Introduction to the Trial Conduct Working Group

Athene Lane

MRC

Hubs for Trial
Methodology Research

CONDUCT Hub

Aims of the TCWG

- Stimulate methodological research in trial conduct
- Make links between researchers at HTMRs
- Develop training and good practice for trial conduct
- Address stakeholders issues
- Seek funding for additional research

TCWG activities

- Summary of ongoing research at HTMRs May 2011
- ConDuCT, London, Oxford & North West
- Meeting at Clinical Trials Methodology conference
- Teleconference in December
- Taking forward stakeholders research needs

TCWG: monitoring trials

- Systematic review and monitoring publications
- HTMR annual meeting 2011 & Clinical Trials Methodology Conference, 2011
- Clinical trial monitoring: towards establishing best practice? HTMR workshop: May 10th 2012 Liverpool
- TSC implementation and guidance

TCWG other research areas

- Trial retention and follow-up
 - Clinical Trials Methodology Conference, Bristol 2011
 - Systematic review completed on attrition
- Other possible areas in discussion session
- Recruitment a separate working group
